Subject: Section 4 Test Order Consortia Relief Request
Attachments: Final Consortia Test Order Letter Y. Collazo Reyes 2021 04 28.pdf

Dear Director Collazo Reyes:

I have attached the joint request of the American Chemistry Council, The Vinyl Institute, and Bergeson & Campbell Consortia Management for certain relief from the current nine Test Orders issued on January 19, 2021. Earlier this week, we advised David Turk and David Widawsky of EPA that we would be submitting this letter in support of our request. In addition, we requested an opportunity to discuss our request on the afternoon of Thursday, April 29, but we have not received any response to that request. We hope that one or both of them will communicate with us as soon as possible.

Thank you,

Christina Franz
